Chapter 2359  
Springs, East Hampton, NY 11937**

**Governor George E. Pataki  
The State Capitol  
Executive Chambers  
Albany, NY 12224**

**June 14, 2003**

**Dear Governor Pataki,**

**I am the President of Chapter 2359 of AARP in East Hampton, NY. On behalf of my members and myself, we are asking you to sign bill number A6950, a "unibill" with S3003B, "The Healthy, Safe, and Energy Efficient Outdoor Lighting Act", sponsored by Assemblyman "Pete" Grannis, and Senator Carl Marcellino.**

**This is a concern which is important to older persons because as the eye ages, it is more sensitive to "glare". Especially in areas which do not have good public transportation, as is the situation here in East Hampton, "glare" from misdirected, excessive, or unnecessary night lighting, makes it very difficult to drive at night.**

**Sincerely,**

**(signed)**

**Julia Kayser
